## The Conflicts

- **Three Days and Three Nights** – Solved Thurs. evening to Sun. morning with Jewish days starting at sundown gives not 72 hours, but spans across 3 days and 3 nights.
- **How many women** – 1, 2, 3, or 4?
  1. Mary Magdalene
  2. Mary, Mother of James (Zebadee's wife)
  3. Salome, also known as Joanna (Language?)
- **How many angels?** – 1, 2, or 3?
  1. Two angels – the one that rolled back the stone (earlier) is identified as the one who spoke to the women, so not 3.
  2. Luke and John reveal the presence of a second angel, so not only 1.
  3. So did 1 or 2 angels speak – I believe that the angels are being accorded harmonious report whether one or both spoke, but I have not resolved this issue.
- **What is the proper sequence of events?**
  1. The rolling back of the stone
  2. The women discover the unsealed tomb and run back to the disciples
  3. Peter and John run to the tomb, women following, some distance behind
  4. Peter and John leave
  5. Women return and receive angelic message
  6. Christ appears to women
